

First Telephone Number at Work

A new validation for the working telephone number on **IT0105 - Communication; Subtype 20 - First Telephone Number at Work** has been added to Production effective September 6, 2014.

This validation will check the data entry format to ensure that telephone numbers are entered correctly.

EXAMPLE

Communication	
Type	0020 First telephone number at work
Telephone	919-707-0587 - 1234

If the number is not entered in the correct format, the following messages will display:

❗ Enter number ONLY in the format of nnn-xxx-nnnn.

❗ Extra entry NOT allowed after phone number.

❗ Enter number ONLY for extension.
